The violation of any such restrictions, covenants or conditions shall not operate to invalidate any mortgage, deed of trust, or other lien acquired and held in good faith against said property, or any part thereof, but such liens may be enforced as against any and all property covered thereby, SUBJECT, nevertheless, to the restrictions, covenants and conditions herein contained. Invalidation of any of these covenants by judgment or court order will in no way affect any of the other provisions which shall remain in full force and effect.

" An underground electric distribution system will be installed in that part of Timber Lane Subdivision, Section 6, designated herein as Underground Residential Subdivision, which underground service area embraces all of the lots which are platted in Timber Lane Subdivision, Section 6, at the execution of this agreement between Company and Developer or thereafter. In the event that there are constructed within the Underground Residential Subdivision structures containing multiple dwelling units such as townhouses, duplexes or apartments, then the underground service area embraces all of the dwelling units involved. The owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure, the Owner/Developer, shall, at his or its own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of electric company's metering at the structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. Developer has either by designation on the plat of the Subdivision or by separate instrument granted necessary easements to the electric company providing for the installation, maintenance and operation of its electric distribution system and has also granted to the various homeowners reciprocal easements providing for access to the area occupied by and centered on the service wires of the various homeowners to permit installation, repair and maintenance of each homeowner's owned and installed service wires. In addition, the owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure the Owner/Developer, shall at his or its own cost, furnish, install, own and maintain a meter loop (in accordance with the then current Standards and Specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for each dwelling unit involved. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each dwelling unit therein shall be underground, uniform in character and exclusively of the type known as single phase, 240/120 volt, three wire, 60 cycle, alternating current. "

"The electric company has installed the underground electric distribution system in the Underground Residential Subdivision at no cost to Developer (except for certain conduits, where applicable, and except as hereinafter provided) upon Developer's representation that the Underground Residential Subdivision is being developed for residential dwelling units, including homes, and if permitted by the restrictions applicable to such subdivision, townhouses, duplexes and apartment structures, all of which are designed to be permanently located where originally constructed (such category of dwelling units expressly to exclude mobile homes) which are built for sale or rent and all of which multiple dwelling unit structures are wired so as to provide for separate metering to each dwelling unit. Should the plans of the developer or the lot owners in the Underground Residential Subdivision be changed so as to permit the erection therein of one or more mobile homes, Company shall not be obligated to provide electric service to any such mobile home unless (a) Developer has paid to the Company an amount representing the excess in cost, for the entire Underground Residential Subdivision, of the underground distribution system over the cost of equivalent overhead facilities to serve such Subdivision or (b) the Owner of each affected lot, or the applicant for service to any mobile home, shall pay to the Company the sum of (1) \$1.75 per front lot foot, it having been agreed that such amount reasonably represents the excess in cost of the underground distribution system to serve such lot or dwelling unit over the cost of equivalent overhead facilities to serve such lot or dwelling unit, plus (2) the cost of rearranging, and adding any electric facilities serving such lot, which arrangement and/or addition is determined by Company to be necessary."

"The provisions of the two preceding paragraphs also apply to any future residential development in Reserve (s) shown on the plat of Timber Lane Subdivision, Section 6, as such plat exists at the execution of the agreement for underground electric service between the electric company and Developer or thereafter. Specifically, but not by way of limitation, if a lot owner in a former Reserve undertakes some action which would have invoked the above per front lot foot payment if such action had been undertaken in the Underground Residential Subdivision, such owner or applicant for service shall pay the electric company \$1.75 per front lot foot, unless Developer has paid the electric company as above described. The provisions of the two preceding paragraphs do not apply to any future non-residential development in such Reserve (s). "

Ownership of such lots shall be the sole qualification for membership.

The Association shall have two classes of voting membership:

Class A

Class A members shall be entitled to one vote for each lot in which they hold the interest required for membership by this Article.

When more than one person or entity holds such interest in any lot, all such persons or entities shall be members. The vote for such lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast in respect to any lot.

Class B

The Class B members shall be the developers as defined hereinabove. The Class B members shall be entitled to three votes for each lot in which they hold an interest required for membership by this Article, provided that the Class B membership shall cease and be converted to Class A membership on

the happening of either of the following events, whichever occurs earlier:

1. When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership; or
2. On January 1, 1981.

b. Each lot in TIMBER LANE, SECTION 6, is hereby subjected to an annual maintenance charge and assessment not to exceed Forty-Eight Dollars (\$48.00) per annum for the purpose of creating a fund to be designated and known as the "Maintenance Fund", which maintenance charge and assessment will be paid by the record owners of each lot within TIMBER LANE, SECTION 6 to TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION annually in advance, commencing as determined by a resolution of the board of directors of the TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION.

The rate at which each lot will be assessed will be determined annually and may be adjusted from year to year by TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION as the needs for the subdivision may, in the judgment of that Association require, provided that such assessment will be uniform, in no event will such assessment or charge exceed \$48.00 per lot per annum.

The present owners of the property hereinabove described, and their successors and assigns agree to pay their and each of their proper proportions to said assessment for all lots in TIMBER LANE, SECTION 6.

TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION shall use the proceeds of said Maintenance Fund for the use and benefit of all residents of TIMBER LANE, SECTION 6, as well as all subsequent sections which are a subdivision of the 201.1150-acre tract of land, more or less, out of the Ambrose Mays Survey, Abstract 543, Harris County, Texas, being more particularly described in a deed from Mortgage Company of America to Charles L. Osenbaugh, Trustee, recorded in Volume 8337, Page 419 of the Deed Records of Harris County, Texas, or any part or parts of the hereinabove referred to tracts of land, provided, however, that each future section of subdivision to be entitled to the benefit of this Maintenance Fund must be impressed with and subjected to the annual maintenance charge and assessment on a uniform per lot basis, equivalent to the maintenance charge and assessment imposed hereby and further made subject to the jurisdiction of TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION.

Such uses and benefits to be provided by said Association shall include by way of clarification, but not limitation, construction, and in addition, maintaining of street lighting, parkways, rights-of-way, easements, esplanades, and other public areas; the collecting and disposing of garbage, ashes,

(c) All maintenance charges and maintenance not paid within ten days of the date they are due shall bear interest at the rate of seven per cent (7%) per annum. To secure the payment of the Maintenance Fund established hereby and to be levied on individual residential lots above described, there shall be deemed to have been reserved in each deed by which the owner (grantor herein) shall convey such properties or any part thereof, the vendor's lien for the benefit of TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION, said lien to be enforceable for appropriate proceedings at law by such Association; provided, however, that each such lien shall be specifically secondary, subordinate and inferior to all liens, present and future, given, granted and created by or at the instance and request of the owner of any such lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the improvements of any such lot, further provided that as a condition precedent to any outstanding valid and subsisting first mortgage lien, said TIMBER LANE COMMUNITY IMPROVEMENT ASSOCIATION shall give the holder of such first mortgage lien sixty (60) days written notice of such proposed action, such notice shall be sent to the nearest office of such first mortgage holder by prepaid U.S. Registered or Certified Mail, to contain the statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage Lien Holder, said Association shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular property covered by such first mortgage lien to the holder thereof.

(d) The above maintenance charge and assessment will remain effective for the full term and extended term, if applicable, of the within covenants.

(e) As provided hereinabove, the Association shall have power to affix, levy, collect and enforce payment by any lawful means of all charges or assessments, in accordance with these restrictions, its Articles of Incorporation and its By-Laws.

Notwithstanding any other provision herein or in the Articles of Incorporation or By-Laws of the Association, as now existing or as hereafter amended, no assessment, charge, dues or payment of any kind shall ever be collectible from the owner of any lot in TIMBER LANE, SECTION 6, nor create any lien or charge against any such lot other than the maintenance charge and assessment not exceeding Forty-Eight Dollars (\$48.00) per annum as referred to in Paragraph (b) hereof.

(f) The Association shall maintain books and records which shall be available for the inspection of any member at any reasonable time during normal business hours, by giving to the secretary of the Association three days written notice of the desire of said member to inspect said books and records.

(g) Each member of the Association shall have a right and easement of enjoyment in and to any property related to the Association and such easement shall be appurtenant to and shall pass with the title of every lot which is subject to assessment, subject to the following provisions.

1. Articles of Incorporation, By-Laws and Rules and Regulations of the Association;
2. The right of the Association, in accordance with its Articles and By-Laws, to borrow money for the purpose of improving any property and facilities owned by it and in aid thereof to mortgage said property, and the rights of said mortgagee in said properties shall be subordinate to the rights of the members;
